**Terri Neukam**  
Office Administrator

## A MESSAGE TO OUR COMMUNITY

From the Executive Director & Incoming President

Dear Friends,

What a privilege it is to have a front row seat to watch the power of community. May this Report to the Public be a reminder of the amplifying effect of collaborative giving.

In 2019, our donors gave more than \$4.4 million in new contributions. It's part of our community fabric to care about others, so it's no surprise that our donors also generously donate to the causes that will support people they may never know.

We capitalized on Lilly Endowment Inc.'s GIFT VII program, a \$500,000 matching grant opportunity. The goal of the matching campaign is to encourage more individuals, organizations and businesses in our community to participate in philanthropy. Yet again, donors quickly took advantage of this opportunity, and we secured the \$500,000 grant to grow The Fund for Dubois County, our unrestricted endowment pool. We continue to be generously supported by Lilly Endowment, Inc., and will pursue additional funding opportunities in 2020.

This year, because of thousands of generous donors, the Community Foundation grew its financial assets to an all-time high of \$47.1 million.

Grants exceeding \$1.8 million were awarded to more than 300 nonprofit organizations. Our grants continue to reach all corners of the county and all walks of life.

New raised garden beds were built for residents of Northwood Good Samaritan. Grief counseling services for individuals, families and schools were expanded across the county. An addiction expert reached over 3,000 people, including youth at all four school corporations, who learned about substance abuse, addiction and recovery. New AEDs were placed across the county in community gathering spaces. And, we ended our year of grantmaking with \$25,000 in classroom grants to our local schools.

Our investments achieved a record 24.1% return. Our investment strategy continues to be a balance between ensuring long-term sustainability and making an impact in our community now.

Estate gifts made a significant impact on our organization, totaling over \$500,000. Strategies to increase planned giving for the benefit of our community remain a priority.

Our role in strengthening the community through strong leadership by bringing people together around common challenges and opportunities is vital to our mission.

We heard heightened concern about issues we had always cared about — mental health, substance abuse, food insecurity and work force retention. And so, we took action and went deep to better understand the root cause of these issues affecting our community. New partnerships were shaped, and additional resources and research were sought to more effectively address these issues, recognizing that these aren't problems any one group or sector can solve on its own.

Next year, we will embark on our 25th year. The sky's the limit for what we can accomplish with the support of our dedicated community members. Thanks to you, the Community Foundation will embrace the future with vision and courage. And together, we will accomplish more than any one of us could alone.

**Clayton Boyles**  
Executive Director

**Andrea L. Tooley**  
Incoming Board President

# BOARD OF DIRECTORS 2020

Emeritus

**Bill Kaiser**  
Legal Counsel

# The Legacy Society

*The Legacy Society of the Dubois County Community Foundation was founded to recognize and honor the generous donors who have included the Community Foundation in their estate plans. Too often, these gifts are unrecognized because they come at the end of their donors' lives. The Legacy Society provides a way to celebrate and thank those donors who have made a commitment to our community through the lasting impact of a planned gift.*
