Last year, Indiana foundations invested \$1.9 billion to make life better in our state and beyond.

### Philanthropy works for the common good...

We believe everyone in Indiana should have the opportunity to live in a community of which they can be proud.

### Our goal is to transform communities and lives...

by tackling big challenges facing Indiana and making our state a better place to live.

### We bring together the doers from nonprofits, business, government, and other sectors...

people who care about Indiana and their communities and know how to get things done.

### We take a big-picture view of tough challenges...

like the economy, education, healthcare, and the environment—responding to community needs and leveraging resources to create lasting change.
